Houston, Texas 77043

Dear Mr. Laumann:

This letter serves as a follow-up to our recent telephone conversation concerning the installation of a chain link fence around Dead Creek between New Queeny Avenue and Judith Lane in Sauget and Cahokia, Illinois. Thank you for granting the United States Environmental Protection Agency (USEPA) permission to have access through your property so the fence can be erected. The chain link fence will replace the snow fence which now surrounds that area of Dead Creek.

The Granite City Fence Company has been contracted by the USEPA to install the fence and they will begin work on August 16, 1982. Work will be completed within 4 to 6 weeks from the start date.

Please do not hesitate to call me at (312) 886-3008 if you have any additional questions concerning the fence installation.

Thank you again for your cooperation.

Sincerely yours,

A handwritten signature in cursive script, reading "Michael C. O'Toole", is written over a horizontal line.
